A Bit about us, what we do and why.

Ness, I and the team have been together a long time, in fact our Chef, Sammy has been onboard for 13 years and our manager, Rose started at the age of 15 years old, some 10 years ago, the rest of the gang are all longstanding valuable team mates and friends. We have been in the trade for nearly 25 years and much has changed, particularly our customers dietary requirements.

Our main focus over the last few years has been to embrace a changing market. I myself am gluten intolerant and as such have taken great care and attention to our ingredients.

Most of our dishes have been gluten free for a couple of years now, from gravy, burgers, sausages, and even fish and chips to name but a few.

Our Vegan / Vegetarian diners are also well catered for.

Quite simply, we love what we do and hope you do too.
